# Athletic Training Career Setting Highlight

## Performing Arts Setting

Certified athletic trainers have been working with performing artists for more than 25 years. World-renowned entertainment venues and performing arts groups such as Cirque du Soleil, Disney World and Disneyland, Radio City Music Hall Rockettes, Pittsburgh Ballet Theater, Cincinnati Ballet and Blue Man Group utilize an athletic training program to keep their performers in peak condition. Performing Arts athletic trainers provide specialized injury prevention and rehabilitative care to dancers, musicians and vocalists. Studies show that the on-site medical care that the certified athletic trainer can provide to performers reduces both the frequency and severity of injuries as well as reducing operating and production costs.
